

COACHMAN

2023 COLLECTION

TURN UP THE HEAT

Alde's wet central heating system has been meticulously planned and installed to ensure you always enjoy the optimum temperature throughout your caravan.

The radiant, hydronic central heating offers many benefits:

- It heats every part of the caravan creating a warm and inviting environment
- The glycol heating fluid circulates quietly around your caravan ensuring the least amount of disturbance
- It works off both gas and electric power sources which, can be combined when required
- Low 12V battery consumes a low amount of energy, preserving your battery life
- Pipes and radiators are mounted discreetly behind furniture, optimising available storage

Coachman have a close and established relationship with Alde. Consultation happens at every stage of the design process to ensure the most efficient heat output, ventilation and installation possible.

Coachman caravans are subject to cold chamber testing. During this process your caravan is cold soaked down to -15°C for ten hours. After this the caravan must heat up to 20°C within four hours and running water must be operational to achieve a Grade 3 pass.

RIGOROUSLY TESTED

Every single one of our caravans is meticulously quality checked at several key stages throughout the manufacturing processes.

COMPETITIVE WEIGHTS

By constantly reviewing our design and manufacturing methods, we have been able to maintain competitive weights for our caravans without compromise.

WATER RESISTANT

Each Coachman is fully bonded using innovative materials, specialist adhesives and the best build techniques, virtually eliminating the threat of water ingress.

STRONG AND SEAMLESS

The strong and durable body frame is made up of a tough, Polyurethane (PU) material and uses Structural Reaction Injection Moulding (SRIM) techniques.

ADVANCED BONDED CONSTRUCTION

Advanced Bonded Technology is an important part of the Coachman design and build process. Our unique techniques ensure you receive one of the safest and most robust caravans on the market today. Every new model has to pass our fastidious and meticulous quality and safety checks.

ABC technology is a technique with a lot of history, having been developed and fine-tuned over many years. As such it benefits from the following:

1. 25mm sandwich construction roof for added strength and insulation
2. Screwless, body coloured, fully bonded awning rail to both sides
3. 25mm aluminium sandwich sidewall construction with polystyrene insulation core
4. 45mm sandwich construction floor with internal bracing for added strength

We're so confident of its effectiveness, that every Coachman comes with our ten year water ingress warranty as standard (T&Cs apply).

THE *ACADIA* RANGE

The perfect all-rounder, the 2023 Acadia is an ideal solution for couples and families who love their home comforts.

The 2023 Acadia range has four models which have been designed with both practicality and luxury in mind. Suitable for the experienced caravanner or those new to the market, these exceptional models feature functional layouts, stunning new upholstery schemes and ingenious features. The Acadia benefits from the same exceptional quality that is synonymous with any Coachman caravan.

The range features two eight-foot wide models which provide an abundance of space, perfect for families or couples who love to relax in open-planned opulence.

4	4-5	1-2
MODELS	BERTH	AXLES

WELL-APPOINTED COMFORT

New soft furnishings with co-ordinating scatter cushions and sculpted arm rests.

SEAMLESS ELEGANCE

Two-toned, curved, crank style locker doors above the living space. They also feature a twin chrome strip in 'Legno Conntatto' and 'Taupe' design.

PRACTICAL AND STYLISH

An extendable worktop complemented with a kitchen laminate splashback in 'Velvet', plus stylish polished chrome handles to all drawers.

FUNCTIONAL INNOVATION

Fixed table in dinette for extra dining space. All models come with a large, lightweight, free-standing table with a dedicated storage area as standard.

ULTRA-MODERN LIVING

Coordinated, contemporary bathroom doors in 'Legno Conntatto' design with a bathroom vanity splashback in 'Shiky' finish.

OPEN-PLANNED SPACES

Ample wardrobe space and a sleeping area flooded with natural light, owing to a combination of side windows and large rooflights.

COACHMAN CARAVAN COMPANY LTD

Amsterdam Road
Sutton Fields Industrial Estate
Hull, HU7 0XF
Email: info@coachman.co.uk

www.coachman.co.uk

This brochure has been designed to provide you with basic information prior to making a purchase decision. Please refer to your dealer for additional information before you buy.

Coachman Caravan Company Limited reserves the right to, and does from time to time, alter technical specifications, prices and model ranges as materials, model improvements and conditions demand, therefore can accept no responsibility for discrepancies between these and subsequent models. Household items illustrated in the brochure (e.g. fruit and personal effects) have been used to enhance photography and are not supplied with the caravan. Limitations in the printing process may mean colours are not truly represented.

It should be noted that distributors and dealers are not the agents of Coachman Caravan Company Limited and therefore are not authorised to bind the Company by any specific or implied undertaking or representation.

All Coachman models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice, specifically relating to health and safety issues.

The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions to gas, electrics and ventilation.

Every Coachman caravan carries the "NCC Approved Caravan" badge. The NCC also conducts unannounced inspections at the Coachman factory to ensure continued compliance. NCC Approval gives you peace of mind that your caravan is legal and safe.

Please note: Touring caravans are designated by the model year. The model year runs from the 1st September to the 31st August.
